

# CoLab

Project management application

*Live November '14*

---

*No stress. No conflicts. No late submissions.*

CoLab is focused on creating a sense of motivation and support between members of a study group. It is the first Team Collaboration APP that rewards all your achievements.

Team collaboration is focused on motivation and support by encouraging members through rewards and achievement systems.

Identify and lower the stress levels on team members.  
Avoid conflicts between members.

Engaging and effective team work based on mutual help.  
Organized task management, monitoring and allocation.
